

## An innovative approach to obtain the ACI Dealing Certificate

ATTF Luxembourg offers a personalised approach to help candidates to obtain the ACI Dealing Certificate, one of the world-wide recognized examinations organised by ACI - the International Financial Markets Association.

This foundation programme allows candidates to:

- » gain working knowledge of the major foreign exchange and money markets
- » apply the fundamental mathematics used in these markets and their core products (derivatives..)
- » develop relevant skills necessary to compete in the markets
- » acquire perfect knowledge of the Model Code.

This programme is targeted at:

- » Dealers in the dealing room
- » Middle office and operations personnel
- » Auditors and Compliance Officers
- » Risk managers
- » Fund managers
- » Financial analysts

coming from ATTF partner countries/regions (see: [http://www.attf.eu/whatdowedo\\_partner\\_regions.php](http://www.attf.eu/whatdowedo_partner_regions.php)), with a very good knowledge of financial English.

## The Financial Technology Transfer Agency (ATTF Luxembourg)

ATTF Luxembourg was created in 1999 by the State of the Grand-Duchy of Luxembourg (Ministry of Finance). Additional shareholders are the Central Bank of Luxembourg (BCL), the Chamber of Commerce of the Grand-Duchy of Luxembourg, the Financial Sector Supervisory Commission (CSSF), the Institute for Training in Banking, Luxembourg (IFBL), the Federation of the Professionals of the Financial Sector (PROFIL) and the University of Luxembourg.

ATTF objective is to meet requests for training and consulting in financial matters emanating from countries that have a proven need for the acquisition of financial knowledge :

- » by providing technical assistance in financial matters and promoting Luxembourg as a Financial Centre to partner countries/regions
- » by making the best use of the availability of Luxembourg public funding.
